What can NJII do for participants?

NJII helps to recruit and qualify providers to participate in the SUD PIP program. NJII acts as a liaison between provider entities and the state.

Client services coordinators do the following for participating facilities: educate all entities about program milestones, deliverables, and deadlines; assist in meeting all requirements to complete milestones; assist in the collection of proof documents for attestations; assist in the submission of attestations to the New Jersey Medicaid Management Information System (NJMMIS) portal; and coordinate incentive payments for entities.

Fees:

There are no license fees.
